The 62nd (2023 Spring) National Pharmaceutical Machinery Exposition and 2023 (Spring) China International Pharmaceutical Machinery Exposition (hereinafter referred to as "CIPM"), sponsored by the China Association For Pharmaceutical Equipment and organized by Hainan Jing-Bo-Xin Exhibition Co., Ltd. and Beijing Jing-Bo-Xin Exhibition Co., Ltd., concluded successfully from May 28th to 30th, 2023. After a year and a half of absence, this year's CIPM has revived its vitality. Nearly 100,000 industry professionals gathered at the Qingdao Cosmopolitan Expo City to participate in the grand event, once again highlighting the vibrant vitality of the pharmaceutical machinery industry.

Main Objectives in Exhibiting

The 62nd CIPM was held as scheduled, and this spring appointment has made us look forward to it for a long time. We feel very cordial to see new and old friends again. After a year and a half, the atmosphere at the scene was unprecedentedly lively. Once again, we saw the crowds and truly felt the power of the market pulse. We had in-depth exchanges and negotiations with customers from various fields of the pharmaceutical manufacturing industry on site and gained a large amount of business information. For the past 12 years, Uhlmann has been walking alongside CIPM, becoming familiar and corresponding partners. The future pharmaceutical market is diverse and full of infinite possibilities. Uhlmann Group will work hand in hand with CIPM to embrace our future together.

--Uhlmann Packaging Systems (Shanghai) Co., Ltd

SYNTEGON

PROCESSING & PACKAGING

CIPM 2022 was delayed due to the Co-vid, professionals in the pharma industry are eagerly looking forward to returning to the platform this year. As a leading global pharmaceutical solution provider, Syntegon pays high attention to this CIPM by exhibiting a variety of solid and liquid pharmaceutical equipment and debuting several new products. The professional visitors are enthusiastic to the large Syntegon booth which is like a technical feast.

--Syntegon Packaging Technology (Hangzhou) Co., Ltd

The spring of 2023 has come to an end for CIPM, and we feel extremely honored to participate in this highly anticipated exhibition event. Koerber's booth is bustling with visitors, bringing joy of reunion after a long separation. We had full communication and cooperation with industry partners at this exhibition and achieved outstanding results. As one of the top events in the industry, CIPM brings together the pinnacle of the pharmaceutical machinery industry at home and abroad, creating a spark of innovation and a source of progress. Adhering to the concept of "pursuing excellence and continuous innovation", Koerber will continue to provide customers with advanced pharmaceutical solutions, jointly promoting the takeoff and development of China's pharmaceutical industry. Looking forward to meeting again at the next CIPM exhibition!

--Koerber Pharma (Shanghai) Co., Ltd.

As one of the international senior brand exhibitors of CIPM, through continuous participation, Fette China's recognition in the solid preparation equipment market has been effectively improved. The products and solutions displayed at this exhibition have received high attention and praise from colleagues, visitors, and the media. The concurrent meetings of CIPM extensively explored the hot tracks and in-depth layout of technology fields under the new development pattern of the pharmaceutical industry, and conducted in-depth discussions and sharing in policy regulation, technological development, integrated innovation, international cooperation, and other aspects, helping enterprises capture the opportunity window for high-speed industry development. By utilizing the organizers' new technologies, media, platforms, and models, CIPM has made a new way and means for Fette China to extend exhibition effectiveness and effectively reach customers, expanding communication channels with customers.

--Fette Compacting (China) Co., Ltd.

This Qingdao Expo was unprecedentedly popular, with a considerable number of high-quality professional visitors every day. The exhibition effect and pedestrian flow at the Truking booth exceeded expectations, and the reception volume increased by 80% compared to previous sessions. The thoughtful service provided by the organizer has also given us great support!

-- TRUKING TECHNOLOGY LIMITED

CIPM has always been the most influential exhibition in the pharmaceutical equipment industry. Nano attaches great importance to this exhibition and cherishes the opportunity to showcase to the world! During the exhibition, the professional team of Nano Company had in-depth communication with the on-site audience, showcasing the innovation of our products and insights into industry development trends. This attracted a large number of on-site visitors to visit and exchange ideas. These interactive exchanges established a close cooperative relationship between us and customers, promoting technological innovation and industry progress. At the same time, Nano has also expanded its horizons and seen more new technological upgrades and development trends in the industry, opening up new ideas for its own development.

-- NANO PHARM TECH MACHINERY EQUIPMENT CO., LTD.

We are glad to have a booth to participate in this exhibition. The audience flow is quite high, and the visiting audience is highly professional. Many of the exhibition equipment are independently developed, with a large number of target professional customers. Due to limited space, there are not many exhibiting equipment in this exhibition. Next time, we will strive for a larger area and bring more and better products to the exhibition. Thank you to the exhibition organizers for providing us with such a great platform!

-- Dookoo Intelligent Equipment (Changshu) Co., Ltd.

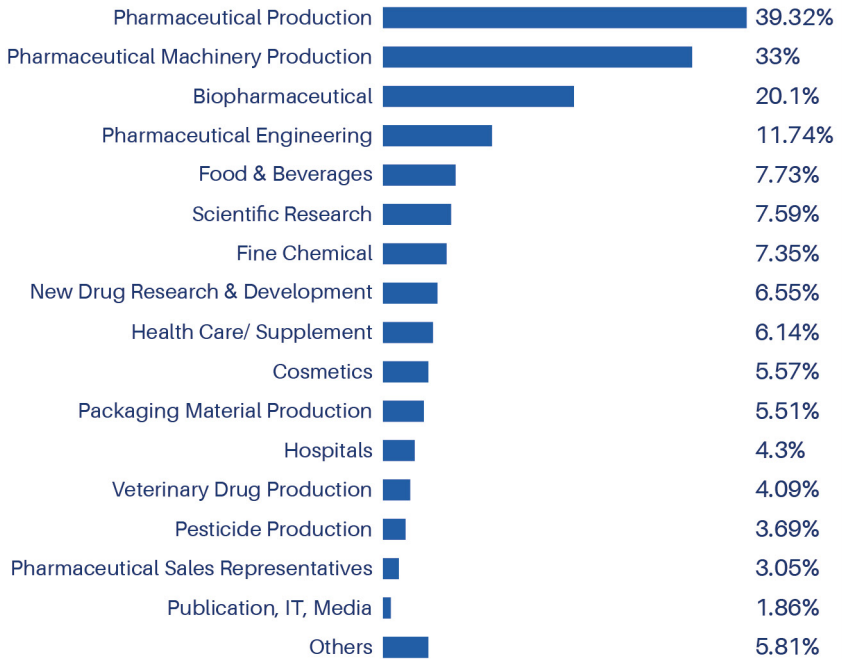

There are many attendees and a large number of professional clients at the exhibition, including procurement and technical personnel, which are very suitable. Previously, there were 200-300 promotional brochures distributed for the exhibition each time, but this time 800 were all distributed. Overall, the evaluation was that the customer's professional traffic was high, and the exhibition experience was very good. We hope to increase the number of booths in the next exposition.

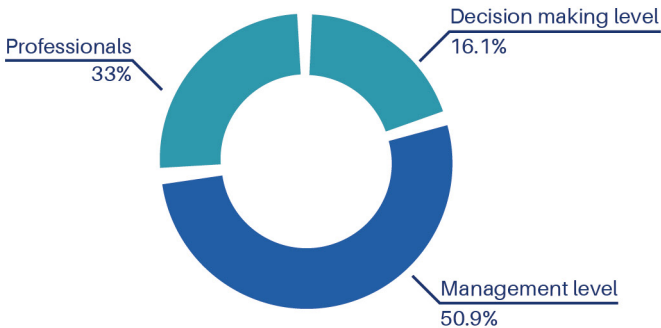

-- Zhengzhou Huachen Instrument Co., Ltd.

2023 CIPM has rung down the curtain today. As the optimization of national epidemic prevention and control policies, CIPM has been successfully held and maintained a consistent professionalism and viewing experience, which is still not easy! At CIPM, Lisure gathered with new and old friends to deepen exchanges and cooperation. In the future, Lisure will continue to work hand in hand with CIPM to bring professional downstream purification solutions to more biopharmaceutical companies, making purification simpler! Wishing CIPM a better and more prosperous future!

--Lisure Science (Suzhou) Co., Ltd.

After a year and a half, gather together in Qingdao. CIPM has provided us with a professional, large-scale, and international communication channel. This time, Morimatsu still utilized this highly influential platform to systematically showcase a group of core technology products in the biopharmaceutical zone. With innovation as the engine and value orientation, Morimatsu will continue to deeply explore the biopharmaceutical field, continuously providing customers with diversified products, one-stop digital integrated factory solutions, and value-added services covering the entire lifecycle, injecting a continuous stream of vitality into the development of the industry. Keep moving, looking forward to the next CIPM!

--Shanghai Morimatsu Pharmaceutical Equipment Engineering Co., Ltd.

梅特勒 托利多

The CIPM onsite was quite popular and the booth of Mettler Toledo attracted much attention from many customers in the industry. Besides, the number of onsite-received feedback was three times that of the last session. We deeply felt that the marketing is recovering gradually. Thanks to the organizer for building such a great platform in the pharmaceutical machinery industry and we hope the exhibition will be better in the future!

--METTLER TOLEDO

The popularity of this Qingdao CIPM can definitely be described as "HOT". Through this exhibition, we, Pharma Champ, not only met many new and old friends, but also gained the expectations of many customers for our future development. The pharmaceutical machinery exhibition has become a comprehensive platform that gathers industry talents, links upstream and downstream industries, and transmits the latest industry information. We hope to be 'persistent in our ideals and pure in the present', focusing on promoting breakthroughs in fluid technology. On this excellent platform of CIPM, we will continuously showcase our new process equipment, share it with more colleagues in the industry, and strive to go far with CIPM.

--Pharma Champ Pharmaceutical Engineering (Shanghai) Co., Ltd.

FIRST RELEASE PRODUCTS

The 62nd CIPM has attracted several leading enterprises to exhibit their innovative products, include:

Rieckermann Pharmatech Limited
--STYL'One Nanoe by Korsch

BEIJING OMORI PACKING MACHINERY CO., LTD.
-- Fully automatic high speed blister packing machine SE-5080A-BX
-- Fully automatic high speed twin lanes four-side-sealing machine SZ-5100-4-MT

Fette Compacting (China) Co., Ltd.
--F30i Dust-tight and high performance next-generation tablet production

Syntegon Packaging Technology (Hangzhou) Co., Ltd.
-- Capsule Filling Machine
-- Rod Insertion and Labeling Machine
-- Universal Syringe Denester

MayAir Technology (China) Co., Ltd.
-- SMART HEPA BOX

Beijing North River Instruments Co., Ltd.
--DELTAHOHM
--Lighthouse ActiveCount 100

AMETEK
--Dehumidifier blower

梅特勒 托利多

METTLER TOLEDO
-- PJA5 series pallet truck scale

Venair (Shanghai) Biotech Co., Ltd.
--ABRASILCLEAR
--STEAMFLOW

VEGA (China) Instruments Co., Ltd.
--VEGAPULS 6X

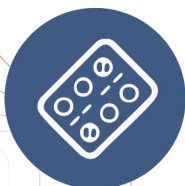

Camfil Filtration (Kunshan) Co., Ltd.
--CleanSeal Extract

FORUMS

This year's forums attracted 1,300 professional visitors at the venue.

- Biopharmaceutical Forum

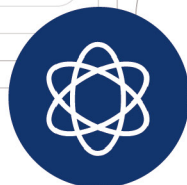

- Oral Solid Dosage Forum

- Pharmaceutical Laboratory Technology and Intelligent Management Forum

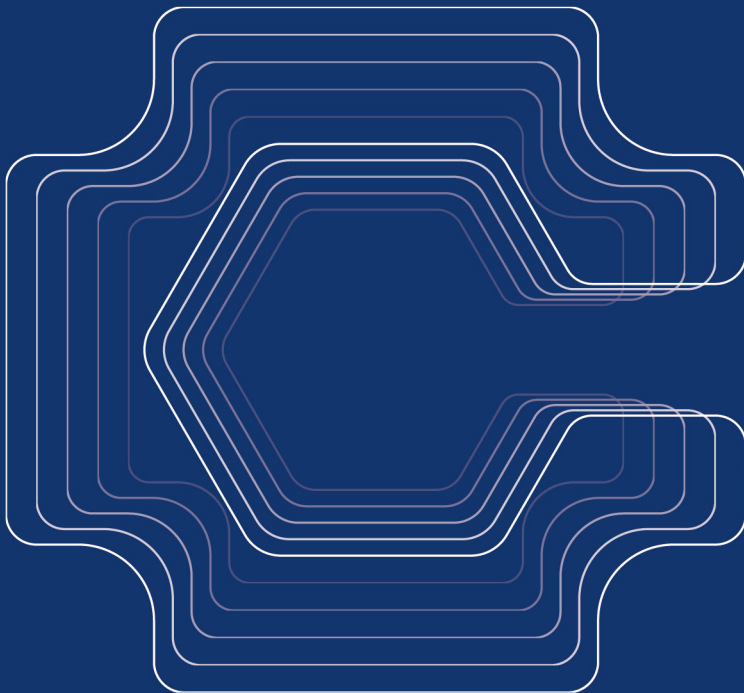

- Green & Intelligent-New Ecological Construction for Pharmaceutical Plants Forum

- Pharmaceutical Digitalization and Informatization Forum

TECHNICAL SEMINARS

65 technical seminars were held by companies from different segments of the industry, attracted 1,642 onsite audience and nearly 2,000 online audience on live streaming.
