EXHIBITOR SECTOR DISTRIBUTION

This grand event is an opportunity for new and old friends from all over to gather and discuss the development of the entire pharmaceutical industry, promote its healthy and prosperous development, and enable its upstream and downstream industrial chains to form a healthier ecosystem.

–Zhejiang Canaan Technology Limited

As the most representative exhibition in China, we are very much looking forward to the professionalism of CIPM. We will work together with CIPM because it not only provides us with a platform to showcase software and technology, but also gives us the opportunity to communicate with new and old customers.

–Koerber Pharma (Shanghai) Co., Ltd.

It is a great honor to return to the 2024 Autumn CIPM. The professional competence, efficient organization, and thoughtful service demonstrated by the organizing committee have left a deep impression on us. With the help of CIPM as a high-quality platform, IMA, as a globally leading integrated solution provider for pharmaceutical and biopharmaceutical product processing, packaging automation equipment, and production lines, not only showcased the latest domestic innovation achievements, but also experienced the inspiration collision and cooperation sparks with customers at home and abroad. We look forward to continuing to work hand in hand with colleagues in the pharmaceutical industry to promote innovation and development in the industry in the future. Wishing CIPM a more exciting future.

--IMA Industria Macchine Automatiche S.p.A.

This exhibition is not only a platform for us to showcase our company's products and technologies, but also a valuable moment for us to communicate with industry experts, learn new knowledge, and grow together. During the exhibition, we not only felt the high recognition of our GMP verification consulting, unmanned equipment, and one-stop digital transformation services from everyone, but also gained profound inspiration for future development directions. Every intention to cooperate and every feedback has made us feel warm and encouraged, and has also strengthened our determination to continue to deepen our cultivation in the pharmaceutical industry and provide more efficient and professional services.

--Mirable Shijiazhuang Pharmaceutical Science and Technology Co., Ltd.

CIPM has always been the most influential event in the pharmaceutical equipment industry, and Tailin Bioengineering has participated in it for many years. This year's CIPM brings a variety of high-quality products and mature solutions, quickly adapting to the constantly changing market demands. Thank you to the organizers for providing a valuable platform. In the future, we look forward to working together with more peers to embrace new quality productivity with strength and help promote the development of the pharmaceutical equipment industry! Looking forward to a more exciting collaboration next time!

CIPM is one of the few high-quality and international events in the pharmaceutical industry held in China. As a leading provider of core process equipment and process system solutions for the biotechnology and biopharmaceutical industries in China, Andgel has exchanged cutting-edge technologies and industrial development paths with numerous new and old customers from both international and domestic markets. Through a collision of ideas and a gathering of industry colleagues, Andgel has fully demonstrated our brand. Wishing the 2025 CIPM to reach new heights, gather more international resources, and build a better interactive communication platform for China's pharmaceutical industry to go global!

—Andgel Industrial (Shanghai) Co., Ltd.

Thanks to the organizing committee for carefully preparing and creating this industry event which has provided a stage for exhibiting companies to showcase their core competitiveness and innovative achievements, effectively promoting deep cooperation and extensive communication among enterprises. From exhibitors' move-in to visitor reception, a comfortable and safe exhibition environment allows every participant to fully concentrate on exploring knowledge and business opportunities. Thanks to the unremitting efforts of the organizing committee, CIPM has become a high-quality communication platform in the industry.

ATTRACTED PHARMACEUTICAL COMPANIES (PARTIAL)

As a professional audience, I've been visiting CIPM for more than 20 years. The exhibition provides us with a great platform, providing us with a lot of information on equipment selection for our pharmaceutical factories. It also offers great opportunities and choices for the automation and intelligence of production lines, as well as the latest developments.

--Mr. Tan Hekai,
Vice President of China Resources Double-Crane Pharmaceutical Co., Ltd.

I come from Penang, Malaysia and took a few hours flight to Xiamen. This time, I gained a lot from attending CIPM and had many different inspirations.
